

## **WISCONSIN GOVERNMENT FINANCE OFFICERS ASSOCIATION SUSTAINABILITY POLICY**

WGFOA will make it a practice to include sustainable practices into its operation as it deems appropriate. This will include such actions as:

- Where applicable, make presentations available electronically vs. in hard copy format.
- Where applicable, make WGFOA records available electronically vs. in hard copy format (i.e. minutes, financial reports, policies, etc.)

WGFOA needs to keep the best interests of its members in mind when making decisions on what sustainable initiatives it will incorporate into practice.

**Approved: March 2010**
