

\$30.2 million in Common School Fund library aid will be distributed in 2014. The Common School Fund was established by Wisconsin's founders in Article X of the State Constitution as a permanent school trust fund. By investing in community projects throughout the state through the State Trust Fund Loan Program, the Board of Commissioners of Public Lands generates earnings for the Common School Fund that are distributed annually to public school libraries. These monies are the sole source of state funding for public school libraries and for many school districts is the only money available to them for library books, newspapers and periodicals, web-based resources, and computer hardware and software.
