

SEED FINANCING STIMULATES LOCAL BUSINESS CREATION IN WISCONSIN®

To effectively deploy capital to spur new business generation, you need to be close to the action. That's why the Wisconsin Economic Development Corporation (WEDC) created the **Capital Catalyst Program**—to make matching grants available to seed funds managed by organizations or communities dedicated to stimulating entrepreneurship and growth.

HOW IT WORKS

WEDC provides matching grants typically ranging from \$50,000 to \$500,000 to approved organizations or communities that manage a seed fund to provide capital to high-growth startups and emerging growth companies, or support R&D-to-commercialization efforts. These locally managed funds may provide grants, loans and/or investments in startups and early-stage and innovative small businesses that operate in their service area. Loan repayments and returns on investment stay within the fund to assist additional companies and create a supportive environment for business creation and development.

PARTNER REQUIREMENTS

Recipients of WEDC Capital Catalyst funds must demonstrate organizational capability, availability of entrepreneurial support to achieve program goals, and experience administering mentoring programs.

Recipients must match at least 1:1 the amount of seed grant funding provided by WEDC. In addition to providing documentation of this financial match, each recipient must also provide WEDC with periodic reports and information on its operations and on the economic impact of the companies provided with funding.

PROGRAM REQUIREMENTS

WEDC funds must be disbursed within 18 months to companies operating in Wisconsin. Recipients must provide at least one-third of WEDC funds as grants to companies, but are allowed to make additional grants, loans or investments with the remaining funds.

Investment decisions will focus on assistance to companies in industry sectors including but not limited to advanced manufacturing, agriculture or food

APPLYING FOR CAPITAL CATALYST FUNDS

processing, information systems or software, medical devices, biosciences and energy. Funds may not be used for investments in real estate, retail or hospitality businesses, including restaurants.

Recipients will be required to provide quarterly and annual reports on the number of awards made from the fund, the type and amount of each award, the recipient of each award, the level of employment, and the amount of capital investment leveraged.
